

# Welcome to College Central Network®

Powering Schools from Sea to Shining Sea.

## Company Snapshot

College Central Network, Inc. (CCN) is the nation's leading application service provider (ASP) of online career office management systems to small-to-midsize colleges and universities, community and technical colleges, and art and design colleges. CCN provides services to over 600 partner career centers in 43 states and D.C., 3 million students, several hundred thousand alumni/ae, and more than 1,000,000 registered employers. Over 3 million job and internship opportunities have been posted by employers seeking the nation's finest entry-level talent via CCN's technology. In addition, our virtual job/teacher/grad fair applications have powered events for over 1,000 colleges.

## Applications

Our proven Career Central™ technology has powered colleges and universities since 1996. A suite of intuitive, uncomplicated, yet practical career office management tools, Career Central includes the nation's leading online career office management system, Career Services Central<sup>SM</sup> (CSC). State-of-the-art technology makes CSC both the most powerful and the easiest-to-use total career office solution in the market today. The CSC base system includes the Employer Services Module; Résumé Central® with Résumé Builder; Jobs Central®; Intern Central<sup>SM</sup>; Career Portfolio Central<sup>SM</sup>; Job Agent; Surveys; Event Manager; Career Document Library; Career Advice Documents, Podcasts; and more. You may add additional modules or services at any time, including Community Residents Access; Notes Manager; Mentoring Network; On-Campus Recruitment; Secure Co-op Access; Secure Internship Access; Assessments. Utilizing our Central Job Board technology, many clients have even formed their own online job sharing networks.

## Hosting

CCN's ASP is housed in a world-class, state-of-the-art facility to provide maximum reliability, security, and performance. We use backup power systems, advanced fire-detection and suppression systems, and sophisticated climate control. Trained guards, photo-ID card keys, around-the-clock camera monitoring, and biometric scanning all keep the Data Center secure. In short, we make every effort to ensure our clients' data is as secure as possible.

## Benefits to Colleges and Universities

Colleges and universities that partner with CCN directly benefit from having an online, centralized, scalable career center office management solution. You can add modules as you wish, choosing just the ones that work best for your school. Using Career Services Central to manage your career center online reduces your workload and greatly increases efficiency. Plus, extensive reporting is available at the click of a mouse. As CCN continually upgrades its applications to meet the ever-changing needs of today's career center offices, member schools in turn benefit from this evolutionary process. With all code managed and written in-house, CCN controls and implements every aspect of the business. The end result is the best possible technology for you, at an affordable price.
